NUMBER 96.

FROM SOAP TO TRUSTS.

New Bills in the Legislature Affect a Variety of Subjects.

ONE CREATES ANOTHER OFFICE.

Nearly Eight Hundred Measures Now in the Committees—Propositions Introduced and Bills Passed by Both Branches.

Columbus, O., March 14.—The house of representatives gave up its time to the passage of several local bills, referring bills at their second reading to committees and the reception of new bills. Forty-three new measures, affecting a variety of subjects, from cheap soap to trust companies, were thrown upon the house. Many of these were read for the second time, showing a disposition to hurry through all the local bills prepared for the hopper. There are now nearly eight hundred bills in the committees, and there is talk of an adjournment within the next month.

Among the bills introduced was one that defines what is to be considered adulteration of soap and provides for punishment of those soap manufacturers or sellers who place mineral, insoluble or poisonous substances in soap. A bill by Mr. Middleswart of Washington county, gives city councils the right to expend money for at least three free concerts during the summer season in the parks. The bill applies to any city in the state. A measure, by Mr. Ankeny of Greene county, regulates the organization of guarantee and trust companies. It makes it necessary for these companies to have a capitalization of at least \$500,000 and that one-half of this must be deposited with the state treasurer instead of the insurance commissioner.

Mr. Willis of Hardin county introduced a bill to establish the office of inspector of county offices. His duties will be to inspect every county office in the state at least once a year. He is to be paid a salary of \$2,000 per year and traveling and hotel expenses.

Representative Meisel of Cuyahoga introduced a bill that provides that all primary elections, for all parties, shall be held on the same day, at the same place and under the same conditions. Each party is to have its own ballot box, its challengers, but the officers and supervisors shall be the same as for regular elections. All the penalties provided for violation of the regular election laws are made to apply to the Meisel plan as well.

Other bills were introduced as follows: To permit county prosecutors to bring suit to recover taxes at the request of the auditor; to provide for the removal of county treasurer upon the complaint of two taxpayers, treasurer to be removed after an investigation by the common pleas court; to regulate issuance of preferred stock by raising the rate of dividend from 6 to 8 per cent on such stock and, in case of failure, preferred stock is to be paid in full before common stock is recognized.

The Senate.

In the senate a bill by Mr. Crites was passed to give county commissioners authority to give not to exceed \$2,000 a year to hospitals where indigent poor are treated free of charge.

Bills introduced: By Mr. Warner, providing for the care and treatment of crippled and deformed children, the governor to appoint a board of five members, who shall arrange for their admission to the state hospitals and other like institutions; by Mr. Archer, a duplicate of Mr. Stage's house bill applying income taxes to counties in lieu of the state levy; by Mr. Patterson, placing the officials of Adams county on stated salaries.

Bills passed: H. B., by Mr. Painter, dividing Bowling Green, Wood county, into wards; S. B., by Mr. Krause, regulating the sale of poisonous drugs and providing that cocaine and morphine shall be sold only upon prescription.

Must Return to Germany.

New York, March 14.—Gerhard Terlinden of Oberhausen, Germany, has sailed for Europe a prisoner, to be tried in his own land on a charge of issuing forged certificates for 300,000 marks in Prussia. Terlinden was arrested in Milwaukee last July at the instance of Dr. Von Wever, the German consul general at Chicago, to which city he was taken. He fought against extradition, carrying his case to the United States supreme court, which declared that he must be surrendered. Terlinden was a wealthy manufacturer, and when he reached Chicago after his flight from Berlin he deposited a large sum in the banks of that city.

SHIP SUBSIDY.

Senator Foraker's Address on the Bill—Day in the House.

Washington, March 14.—At the conclusion of routine business, the senate resumed consideration of the ship subsidy bill, and Mr. Foraker (Ohio) addressed the senate. He said that while he expected to vote for the bill, he was not entirely satisfied with it. Ever since he had studied the question he had been of the opinion that the most equitable and scientific way to rehabilitate the merchant marine of followers would be to inaugurate the policy of discriminating duties under which the fathers of the country made our merchant marine the pride of the country. He was of the opinion that under the circumstances it would be impossible to attempt to return to the policy of discriminating duties. He had consulted with his colleagues in the senate and recognized the impossibility of securing a majority in favor of the policy of discriminating duties. Being desirous of building up the merchant marine, he looked, therefore, for the next best scheme for accomplishing this result. The next best plan, to his mind, for the building up of the merchant marine was embodied in the pending bill.

Referring to the purported purchase of foreign steamship lines, Mr. Foraker said by some it had been mentioned as if it were a crime. The fact was that if any offense detrimental to the country had been committed, it had been committed by the senate itself.

As to the relative cost of the building and operating ships under the American flag, Mr. Foraker said the preponderance of the evidence was against the proposition that the ships could be built in this country as cheaply as they could be built and operated abroad. The proposed legislation, he said, was such as would enable the United States to build and operate ships and fly the flag of the merchant marine in every port of the world.

House Proceedings.

Washington, March 14.—Friday was private bill day in the house under the rule, but by agreement the regular order was postponed until Saturday in order that the house might proceed with the consideration of the postoffice appropriation bill. A resolution was adopted to authorize the secretary of war to loan tents to the Texas Confederate Reunion association, which meets at Dallas, April 22. The conference report on the diplomatic and consular appropriation bill was adopted and the house then resumed consideration of the postoffice appropriation bill.

The house, after some discussion, passed the postoffice appropriation bill.

French Comment.

Paris, March 14.—The Echo de Paris, commenting on the adoption of the resolution by the United States congress inviting France to participate in the inauguration of the Rochambeau monument at Washington, May 24, says: "M. Cambon (the French ambassador at Washington) has strongly urged the French government to send a warship to represent France at the ceremony. We hope the ministries of the war and navy will also be represented by both officials. There is no doubt this is an excellent opportunity on the morrow of Prince Henry's visit to make the exercises at the French-American manifestation of sympathy with Rochambeau imposing in character and invest them with solemnity and grandeur."

Altgeld Obsequies.

Chicago, March 14.—Funeral services over the body of the late John P. Altgeld, former governor of Illinois, were held at the Altgeld home in Sheridan park. Judges of the Cook county bench, of which the decedent was once a member, attended in a body, all the courts having adjourned. Many flags were at half mast throughout the city. The services were brief and simple. Many people were unable to get into the house. Saturday morning the staff of Governor Yates will escort the body to the public library, where it will lie in state from 10 a. m. to 10 p. m. A procession of civic and social organizations on Sunday will follow the body to Graceland cemetery.

Ruined by Souvenir Fiends.

New York, March 14.—Rupert Fritz, a chef who served the luncheon at Shooters island for the 2,000 persons who witnessed the launching of Emperor William's yacht Meteor, has assigned. Fritz says he borrowed a large amount of silverware from friends for use at the luncheon. In the rush for souvenirs nearly all of the silverware disappeared before Fritz and his assistants were aware of the raid. Finding it impossible to make good his losses, Fritz decided upon an assignment.

OFF TO SOUTH AFRICA.

General Lord Wolseley Departs on an Alleged Private Mission.

WILL, IT IS SAID, ASSIST KITCHENER.

Boer Force, Finding Itself in a Tight Place, Deftly Rushes the British Lines—Methuen For Cronje?

London, March 14.—Field Marshal Lord Wolseley will start for Cape Town Saturday. Although the officials deny that his trip is anything but a private visit, gossip connects it with

LORD WOLSELEY.

the military situation. It is pointed out that Lord Wolseley's knowledge of South Africa, gained as a fighter and administrator, might be highly useful to Lord Kitchener, either at the base (Cape Town) or at Pretoria.

Lord Wolseley, when interviewed later, said his trip is entirely private. Colonel Frank Rhodes and Arthur Rhodes, brothers of Cecil Rhodes, and Lady Methuen will be passengers on the steamer which takes Lord Wolseley to Cape Town.

Boer Commando Escapes.

Heilbron, Orange River Colony, March 14.—Commandant Mentz, with the Heilbron command of Boers, broke through the Heilbron-Wolve Hook blockhouse line at Gottenburg. The Boers had been pursued for several days. So far as known only one Boer was killed. The British columns during the course of the pursuit of Commandant Mentz picked up scattered parties of Boers aggregating 50 men.

Methuen's Release.

London, March 14.—The newspapers are puzzled to account for the release of General Methuen, but they generally give credit to Delarey for acting with great moderation, courtesy and tact. The Daily Mail expects to see either General Cronje or General Viljoen returned to the Boers in exchange for the British general.

Democrats and the Boers.

Washington, March 14.—Democratic members of congress have numerous signed a petition being circulated, asking Representative Hay, the caucus chairman, to call a caucus on the 19th to formulate a policy in reference to the Boer war.

Boer Envoys at Chicago.

Chicago, March 14.—The Boer envoys, Wolmerans and Wessels, accompanied by Montague White, arrived here. Their visit to Chicago is said to be for the purpose of conferring with officers of the Chicago Transvaal league.

Cecil Rhodes.

Cape Town, March 14.—Cecil Rhodes is weaker. Otherwise there is no change in his condition.

Government of Philippines.

Washington, March 14.—The senate committee on the Philippines spent an hour and a half going over the sections of the Philippines government bill, which relate to the disposal of public lands. The only change of importance made in the original draft of the bill reduces the term for leases of the public domain from 99 years to five years. This change was made to conform with other provisions authorizing the actual final disposition of the lands. The committee passed over the provisions of the bill pertaining to timber lands until the subcommittee which is investigating that branch of the question can have an opportunity to report.

Terrible Double Tragedy.

Parkersburg, W. Va., March 14.—Seized with sudden insanity, Late Yeorkey of Filina, Doddridge county, buried a hatchet in his wife's head and shoulders and then beat her brains out with a poker. After killing her, he cut his own throat with a razor, and although still alive, he will die. He is violent in spite of his injuries and has to be held with ropes.

IRE OF FIRE.

Loss of Life at One Point and Property Consumed at Others.

New York, March 14.—Fire that destroyed the postoffice building at North Pelham caused the loss of one life and the serious injury of two persons. The dead: Edward Yocum, 13 years old, a newsboy. Mrs. Yocum, the mother of the boy who was killed, jumped from a window and her back was badly wrenched and she was otherwise injured.

The building was a three-story frame structure, the upper floor being occupied as dwellings. Mrs. Duane, who was one of the tenants, was exposed to the cold air and the excitement attending the fire. She had been suffering from pneumonia and is in a very weak condition. All the contents of the building were destroyed, including the registered letters in the postoffice and all other mail matter. The total loss is estimated at about \$20,000.

Blaze at Cleveland.

Cleveland, O., March 14.—Fire practically destroyed the five-story building occupied by the Randall Mattress company at 201-205 Superior street viaduct. Loss \$50,000, partially covered by insurance. Philip Stoppel, foreman of the factory, jumped from a third floor window. He suffered a broken leg and was otherwise injured. Two firemen were overcome by smoke and were carried from the building. They will recover.

Fine Hall Burned.

Missoula, Mont., March 14.—Science hall, one of the State university buildings, was practically destroyed by fire. The hall was the second finest building on the campus and was worth in the neighborhood of \$100,000, although the equipment it contained brings the total value up to a much larger figure.

Refinery Consumed.

Philadelphia, March 14.—The refining building of the Indiana Refining company, manufacturers of cocoa butter, was destroyed by fire. There were 100,000 pounds of oil in the building. Loss \$60,000. Fully insured.

Commissioner Resigns.

Washington, March 14.—William A. Rodenburg of East St. Louis, Ill., submitted to President Roosevelt his resignation as a member of the United States civil service commission, to take effect April 1. Richard Dana of Boston has been mentioned as a probable successor, but President Roosevelt has not yet announced his intention. Mr. Rodenburg's relations with the president and the other members of the commission have been cordial and the latter gave out a statement in which they announced there had always been harmony between the three commissioners and denying a report that a request for his resignation had ever been contemplated.

Must Donate to Charity.

San Francisco, March 14.—If any of the athletic clubs in this city secure the Jeunies-Fitzsimmons fight it will be required to contribute a substantial amount to some charitable institution or public improvement. The police commissioner and board of supervisors has reported a resolution to the effect that the permit for the month of May be given to the club that gives the most money to a public charity or to some public improvement in a sum not less than \$5,000, to be paid before the permit is granted.

Minister Storer Returns.

Washington, March 14.—Bellamy Storer, United States minister to Spain, is on the steamship St. Louis and will arrive in New York Saturday. He is on leave of absence from his post in Madrid for the first time in two years. It is said at the state department that his treaty work is in good shape and will be completed without doubt when the young king ascends the throne in May.

New States.

Washington, March 14.—The house committee on territories decided upon an "omnibus" territorial bill which will provide for statehood for Arizona, New Mexico and Oklahoma, instead of such statehood bills for each territory. The bills have heretofore been separate, but they have been harmonized in their provisions and Chairman Knox was authorized to incorporate them in one measure.

Bryan's Movements.

Washington, March 14.—William J. Bryan returned to Washington from Culpepper, Va. During the morning he received a number of prominent Democrats and discussed the coming congressional campaign and other matters of interest to the party. He visited the capitol in the afternoon.

London, March 14.—The failure is announced of Lord Francis Hope. The petitioning creditors' claim was £4,000.

MINERS TALK STRIKE

Operators Anticipate the Convention and Post Notices at Their Plants.

WILL NOT GRANT AN INCREASE.

Strike of Weavers and Its Effect on the Woolen Mills in the East—Other Doings in the Labor World.

Philadelphia, March 14.—Notices have been posted at all the collieries of the Philadelphia and Reading Coal and Iron company in the Shamokin district and all the anthracite collieries in the Hazleton district, announcing a continuation of last year's wage scale. The action of the companies and individual operators in posting the notices at this time is to anticipate the miners' convention, which will be held in Shamokin beginning Tuesday of next week. At the recent convention of the United Mine Workers held in Indianapolis it was decided to ask for an additional increase of 10 per cent and an eight-hour day, but since the posting of the notices it is not believed that any further concessions will be granted the miners by either the coal companies or individual operators. A strike of the anthracite miners is regarded as possible.

Weavers Quit Work.

Pascoag, R. I., March 14.—The strike of the weavers in the mills of the American Woolen company has extended to this village, the weavers numbering about 180 of the Anchor mills of that company having left their looms. The action is partly in sympathy with the effort of the Olneyville strikers to abolish the two-loom system and partly on account of the grievances which are said to exist in the local mills. The strike affects both the Anchor mills in this place and the Anchor mills and the Graniteville, where goods are finished, and throws about 800 out of employment at the latter place.

Boston Strike Ended.

Boston, March 14.—Through the united efforts of representatives of the great mercantile bodies of the city, seconded by the chief executives of the city and state in conference with the recognized leaders of organized labor, the great strike of freight handlers and kindred trades, represented in the Allied Freight Transportation council, was broken. Fully 20,000 men who had been idle for four days have gone to work. The demand of the freight handlers forbidding their membership to unload teams except at their own option and risk was acceded by the New York, New Haven and Hartford road.

Strike Renewed.

Boston, March 14.—The longshoremen and freight handlers have renewed the strike, refusing to work unless they are taken back in a body.

Strike at St. Louis.

St. Louis, March 14.—According to the strike order issued by the International Brotherhood of Painters, Decorators and Paperhangers, every member of the organization in St. Louis struck for his wages. About 1,400 men are affected. The purpose of the union is to inaugurate a new wage scale calling for an increase of 60 cents a day for eight hours' work. The present scale is \$3 a day. At a meeting of the Master Painters' association it was decided to ignore the demand for the proposed increase.

Woolen Mills Tied Up.

Providence, R. I., March 14.—The strike of the American Woolen company's weavers in the National, Providence, Riverside and Weybosset mills in Olneyville and Manton mills in Manton has become practically general among the union employes throughout their plants. The yarn making departments are still in operation, but a meeting of the spoolers and winders has been called to prepare for a strike should it be deemed advisable.

Senators by Direct Vote.

Washington, March 14.—Senator Penrose introduced as an amendment to the pending resolutions providing for the election of United States senators by direct vote of the people a proposition to increase the number of senators in proportion to population and providing for other important changes in senatorial representation of the states.

Danish West Indies Treaty.

Copenhagen, Denmark, March 14.—The Folkething (or lower house of parliament) by 88 to 7 votes approved the treaty providing for the sale of the Danish West Indies to the United States. The treaty now goes to the Landsthing (or upper house).

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & MCCARTHY,** Proprietors. One month..... 25 | Three months..... 75 Six months.....\$1 50 | One year.....\$3 00 SATURDAY, MARCH 15, 1902

THE WEATHER RECORD. [For the 24 hours ending at 6:30 a. m.] State of weather.....Partly cloudy Highest temperature.....62 Lowest temperature.....51 Mean temperature.....56.5 Wind direction.....Southeasterly Precipitation (inches) rain......06 Previously reported for March.....1.85 Total for March to date.....1.91 March 15, 9:45 a. m.—Rain to-night. Clear in extreme western portion. Sunday colder and fair.

The American Tobacco Company made a net profit last year of more than \$6,500,000. There's money in manufacturing tobacco. And more can be made here in Mayesville than anywhere else.

The Senate Committee, by unanimous vote, decided to report adversely the Reichert bill to make gambling simply a misdemeanor. Rev. E. J. Powell and others of Louisville did effective work in killing this measure.

The bill to repeal the pauper idiot law was recommitted Thursday, which practically killed it. This means that the State will have to continue paying out about \$150,000 a year, which burden properly belongs to the counties.

The Goebel suspects who have so far eluded the officers are finding it too warm for comfort in Kentucky, of late, and have fled the country. Frank Cecil and Zack Steel, of Bell County, have followed John L. Powers in his hasty flight.

WELL, it's not yet definitely settled, but the chances are there will be no restricting done by the present Legislature, unless the kicking Senators can be brought into line. Judge Westover has again succeeded in having Grant County switched back to the Sixth district. Representative Alexander is still in the fight, however, and thinks he will yet land Grant and the Judge in the Ninth.

THE TEN-ACRE FARM.

A Better Living Can be Made on That Much Land Than at Many Ordinary Trades.

[Farm Topics.]

Any man who knows how (and will apply his brain and muscle) can make a vastly better living off a ten-acre farm situated near some good town than he can to work at any of the ordinary trades which will bring him in a daily income of from \$2 to \$3 per day. You see, when a man is so fixed he can keep a cow, two or three pigs, seventy-five hens, have a first-class garden and a small fruit plantation, he has got more than half the living for his family right in sight of his place, saying nothing about what he may be able to sell from it in the way of surplus products. A good deal of money can be extracted from a small piece of land when one goes the right way to work. For instance, each square rod of well kept asparagus bed will give a return of not less than \$4, while a hundred bunches of celery can be raised on the square rod of ground, which would sell in any market for nearly as much. The hens should pay the grocery bill, the milk and butter needed, while the pigs will fill the lard jar and the meat barrel. We often wonder why so many smart young men are content to work all their lives for other men, using about all their wages up in living expenses, when they might be independent, be their own boss and live on the top shelf by working a ten-acre farm.

The electric line between New Richmond and Cincinnati will be in operation by May 1st.

Miss Mary Boulden, of Millersburg, while descending the stairs this morning fell and sprained one of her ankles.

—Mrs. Sallie McD-Humphreys was visiting friends at Washington Friday. She has about recovered from her fall.

Garden seeds, three packages for 5 cents. Onion sets and seed potatoes the lowest prices in the city.

THE LANGDON-CREASEY CO.

The bill to allow the C. and O. railroad to consolidate its various lines in the State passed Friday. The bill brings the organization of the lines owned by the C. and O. in Kentucky under the jurisdiction of Kentucky courts. It becomes a law on being signed by the Governor.

The stable of Sanford Carpenter, at Millersburg, burned at midnight last night. It was a large one, filled with hay, corn and oats, all of which was consumed. The stable also contained eight horses, all of which were gotten out, but two were badly burned. One of them will lose eyesight. Origin of fire and amount of insurance unknown.

WOMEN

SHOULD **BE INTERESTED**

In the exquisite Gingham and Mercerized fabrics we have on display. Lacking space to enumerate all we hope these representative items will demonstrate how easily you can make selections here:

India Pongee, polka dots and novelty figures and stripes, 50c.
 Crispette Muslins, dainty colors with white lace inserting effects, 50c.
 Lace Stripe Batistes—solid pink, navy, tan, gray, porcelain and Nile, 50c.
 Imported Dotted Swiss, stripe effects in white or tan with black pin dots.
 Fancy Madras Shirtings—fancy weave effect—10c.
 Finest Scotch Madras Novelty Stripes in all colors, a fabric much used by exclusive makers of shirtwaists, 25c.
 Finest German Dress Linens, 39c.
 Corded Fancy Stripe Gingham, also plain colors, 10c.
 Union Linen Gingham, silk finish, plain colors in blue, green, cardinal, gray and rose, 25c.
 Like Silk—one of the greatest marvels in cotton goods, looks like silk, feels like silk, but far below the price of silk, 50c.

WASH SILKS.

Entirely new color effects. Heavily corded. Nothing prettier for cool shirtwaists. Suitable for plain or dressy designs, 48c.
 Owing to the inclement weather last week our Embroidery and Lace sale will be continued.
 If you appreciate dainty and handsome embroideries, see our exquisite line.

D. HUNT & SON

SWINDLING THE FARMERS.

Some Central Kentucky Dealers Adulterating Blue Grass Seed With Inferior Canadian Seed.

Senator Blackburn has recently received many complaints from firms dealing in bluegrass seed in Central Kentucky to the effect that other firms are largely importing the inferior Canadian bluegrass seed and mixing it with the Kentucky product to such an extent as to seriously injure the trade. The Senator communicated with the Agricultural Department upon the subject and has received the following letter in reply:

The department has been studying the matter of adulteration of Kentucky bluegrass seed, and there is no doubt of the existence of this practice. So far as we are able to learn, most of the adulteration is done in cities, not from the bluegrass region of Kentucky, but adulterated seed has also been sold in other places. The crop of Canadian bluegrass seed, which is used as the adulterant, amounts to 700,000 pounds per year of this amount, it is estimated that between one-half and two-thirds is shipped to the United States. The legitimate demand for this seed is small, probably not to exceed 35,000 pounds; the remainder being presumably used for adulterating the Kentucky seed. The simplest way to meet this will be to impose an import duty of 3 cents per pound on the Canadian seed. If the duty is placed on this seed it would be desirable to make some provision by which mixed seed containing more than 10 per cent. of Canadian bluegrass seed would also be dutiable, and it should be provided that samples of impure grass seed be submitted to the Department of Agriculture, as it is very easy to enter seed under a false name, and difficult for customs officers to detect the fraud.

Senator Blackburn has referred the department's letter to the Finance Committee with the request that some action be taken to remedy the present evil.

Remember

Now is the time to buy solid gold spectacles reduced from \$5 to \$2.75, gold filled spectacles reduced from \$3 to \$1.25, solid gold ladies' watches reduced from \$20 to \$12, solid silver ladies' watches reduced from \$6 to \$2.75, gold filled watches, all kinds, reduced fully 40 per cent. Solid silver, cut glass, clocks, bronzes, fine chinaware—all at reductions that positively prohibit competition. We must reduce stock, as we are going to close out one of our stores. CLOONEY & PERRINE. Successors to J. Ballenger.

Vanceburg has been placed in cities of the fifth class.

The fishing season has opened at the North Fork.

The Thornton bill pending in the Legislature empowers Fiscal Courts in counties with free pikes to charge certain vehicles a license.

For the next two years if you want quail on toast, or any other way, you will have to get your gun and go out and kill them yourself. The Legislature has passed a bill making it unlawful to kill them for sale for two years.

Three of the oil wells near Ragland were shot Thursday with nitroglycerin by the Guffey & Galey Company, of Pittsburg. The wells shot had been producing on an average about forty barrels a day. The shooting increased the output to over 280 barrels.

The oil development in Ragland fields in Bath County is attracting the attention of the outside world, and new capital is coming in every day with a view to securing some of the rich finds which are known to be in and around the little mountain town of Yale, in the extreme southeastern part of the county. There are fourteen independent companies drilling in that field, and several more are trying to secure leases. Guffey & Galey, the Pittsburg magnates, have drilled twenty-one wells, all producers, averaging 250 barrels a day. The Licking Valley Oil and Gas Company has sunk eight wells along the river bank, all producers, which will average 225 barrels per day.

At the recent meeting of the Mason County Medical Society there was a very interesting discussion of the subject of "Pneumonia," following a very carefully prepared essay upon the history and characteristics of that disease, read by Dr. W. D. Jones, of this city. The leading participants in the discussion were Drs. Taulbee and Browning, and the points developed by both speakers were of great practical value and interest. Dr. Jones, the essayist, is one of our most enlightened and successful physicians. The March meeting of the society promises to be unusually attractive. It will be held at the Cox building the last Wednesday in this month at 2 o'clock p. m. Essays will be read by two of our most accomplished physicians.

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark half-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 2, 1900.
 I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WESLEY CROSS.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

Easter

WILL SOON BE HERE!

The youngsters all look forward to the delight of donning their Easter Suits.

Never before did we have as elegant lines of Children and Boys' Clothes as we have bought for this season, and so reasonable too. To satisfy yourself come in and let us show you through the stock.

"Our entire spring stock of Hats is in." They comprise the very latest designs of the celebrated John B. Stetson Co.'s creations and Harrop Gist & Co. and J. Rummell & Co. make.

The quantities of Hats we buy and sell justifies the above manufacturers to confine certain styles to us, which we want you to look at before you buy your Spring Hat.

Take a peep at our new Spring Suitings in our east window.

D. HECHINGER & CO.,

THE HOME STORE.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

CENTRAL OIL, GAS AND MINING COMPANY, OF LEXINGTON.

H. N. LOUD, Pres., Au Sabie, Mich.; W. H. CLAY, V. P., Lexington, Ky.; A. P. GOODING, JR., Gen. Mgr., Lexington; THOS. F. KELLY, Sec. and Treas., Lexington, Ky.

M. F. MARSH, AGT., MAYSVILLE, KY.

Cincinnati Enquirer: "After hunting in vain for nearly a year, C. B. Kingman, one of the clerks in the Railway Mail Service headquarters, Thursday received information concerning the whereabouts of his eighteen-year-old son, who ran away March, 1901. The information comes from Jewett S. Taylor, of Maysville, Ky., who was a roommate of young Kingman at the Kentucky State University. A telegram from Taylor states that young Kingman is going by the name of W. A. Karney, using the initials of his right name. He is with General Kitchener in the Orange River Colony, and is with what is known as Kitchener's fighting scouts."

The House bill, regulating the extension of boundaries of cities of the fourth class, placing it in the Town Council's power, was passed by the Senate Thursday. The bill has a provision that it does not affect any pending legislation.

Madame Cecilia Eppenhausen Bailey.
 A soprano of wonderful ability. The best concert singer in this country. We have never offered our patrons anything so artistic.

The above is an extract from the "Mountain Lake Chautauqua," Maryland. This charming singer will appear in the lecture room of the First Presbyterian Church Tuesday evening, March 18th, at 7:30 o'clock. Tickets on sale at Mr. Pecor's drug store. Admission 50c.; children under twelve, 25c.

Notice.

Just received 30,000 bushels of choice domestic coal. Will be sold at lowest market price. GABLE BROS.

THE BEE HIVE

A store is much like a human being. It has its birth, its period of preliminary schooling, it grows until it establishes its place in the affections of the people. And then keeps on growing—IF IT'S GOOD. No store ever jumped full grown into business. Some have tried, so have some men. But the store that WINS is the store that WORKS up by degrees from nothing, just as the most successful men have been they who started as boys with their POCKETS EMPTY, but their HEADS FULL. Those of our friends who knew the old place down on Sutton street, know how small the beginning was. That THIS STORE here is LARGER, is due simply to the fact that it has tried to serve the people as they liked to be served FAIRLY, COURTEOUSLY, COMFORTABLY.

New Goods Arriving Daily.....

We are receiving so many pretty goods every day, it's hard to tell you of them—just drop in every time you are down, and we will try to show you through. See your dressmaker to-day about your spring sewing—to-morrow might be too late. The dressmakers are going to be very busy, they must be, for there are so many pretty things at the Bee Hive to be made up. Act quickly. You will thank us for the tip.

PROP'S OF BEE HIVE.

FIRST BAPTIST CHURCH.

It Will Be Reopened To-morrow For Public Worship—Handsome Improvements to Interior.

The First Baptist Church, one of the handsomest in the city since its completion some years ago, will be thrown open for public worship again to-morrow, fresh from the hands of the artists who have engaged the past month renovating and beautifying the interior. The frescoers have transformed the spacious auditorium, and in its rich and harmonious colors it is indeed "a thing of beauty." The Sunday school room and other apartments of the building have also been enriched by the artists' brush, and the edifice throughout is even handsomer than when it came from the builders' hands.

Among other changes made, the organ loft has been lowered and extended to receive the magnificent pipe organ that will probably be used for the first time on Easter.

A parlor and kitchen have also been finished over the Sunday school room for future receptions. The members of the church have reason to be proud of their elegant house of worship.

Dr. John H. Boyet, pastor, will preach Sunday at 10:45 a. m. and 7 p. m. All are cordially invited.

Easter Millinery Opening.

Thursday, Friday, Saturday, March 20, 21, 22 at Mrs. M. Archdeacon's, corner Third and Market streets.

An agreed settlement with Patrick Comer of assessment on \$600 lien notes has been filed in County Clerk's office by Auditor's Agent Watson.

Nabisco sugar wafers—Calhoun's.

For fresh oysters and fish call on Biagiotti & Co.

W. H. Durrett sold 8,000 pounds of tobacco at 7 cents.

Mr. Dan Adams was at Flemingsburg this week with stock.

For chapped and rough skin use Ray's Edelweiss Cream. It is guaranteed.

Congressman Kehoe has introduced a bill for the relief of Simon R. Hampton.

Since the oil development in Bath \$40,000 has been offered for a farm of 150 acres.

Lizzie, wife of William Green, colored, died Thursday at her home on East Fourth street.

Mason Lodge No. 33, I. O. O. F., of Mayslick, sold to the Bank of Mayslick a lot for \$200 cash.

Very few tobacco plant beds have been burned so far this spring. The season is unusually late.

Labor Day has been made a legal holiday in Kentucky, a bill for that purpose having been passed by the present Legislature.

Charles W. Johnson has sold to James Thompson nineteen acres, two roads and twelfth-three poles of land near Murphysville for \$825.

Mr. Andrew J. Hunter has moved to his farm in Wilson's Bottom and Mr. and Mrs. Housh have taken the residence vacated by Mr. Hunter.

A bill providing for the construction of sidewalks in cities of the fourth class, at the cost of owners of abutting property, was passed by the House Thursday.

AT LIMESTONE HALL.

The Y. M. C. A. Men's Meeting Will Be Held To-morrow—Association Orchestra to Furnish Music—Planning For Athletic Contest.

The Y. M. C. A. men's meeting will be held in the Limestone Fire Hall, Sixth ward, Sunday afternoon at 3 o'clock. General Secretary Pilkington will give an address to men on "The Strong Man." Men invited. An orchestra composed of the following persons will give the music for the meeting: Lee B. Gray, Lou Harding, Bert Fleisher, Arthur Fleisher, John Cobb and Harry Richardson. This orchestra has been organized for the purpose of helping the association and the people will often hear them at the Sunday afternoon men's meetings.

The association has arranged for an athletic meet to be held about April 1st. The following events will constitute the program: Potato race, stand hop, step and jump, running high jump, running high kick, running broad jump, two stand broad jump, pull up. Twenty-five cents to enter. Highest individual score—gold medal. Second highest individual score—silver medal. Third highest individual score—bronze medal. Every one registering will be on a team and the winning team will receive a silver cup as a trophy which will be left in the association rooms. Members can register at any time. Much interest is being shown in the meet. Call in and see the General Secretary regarding the registration.

The business men's gymnasium class is drawing a great deal of attention. Call in and see them at work Tuesdays and Fridays at 4 p. m.

At the Washington Christian Church T. S. Buckingham's subjects to-morrow will be "The Love of God Shown in the Sonship of Christians," and "The Now and Then of our Hope."

CHRISTIAN CHURCH—Preaching to-morrow at 10:45 a. m. and 7 p. m. by the minister, R. E. Moss. Sunday school and Endeavor Society at usual hours. Baptism at close of morning service. The public invited.

Mrs. O. B. Stitt and Miss Bland are in the city completing their arrangements for an up-to-date Easter display of both eastern and imported patterns, which will be shown on Friday and Saturday, the 21st and 22nd.

Aberdeen Greta Green: "Rev. Moss, of the Christian Church, Maysville, occupied Rev. Winkler's pulpit in the M. E. Church here last Sunday afternoon. The excellent sermon delivered by the Rev. gentleman was listened to by a large congregation."

Lou Seeker and wife and little Rastus arrived from the East yesterday for a short vacation at their home in the Sixth ward. They have agreed to take part in the "Fall of Atlanta," to be given March 31st by the Knights of the Golden Eagle, of which Mr. Seeker is a member.

Special prices on sterling flat ware. All new goods; no old patterns. Prices are guaranteed lower than same quality goods are sold for in this or any other city. A large stock to select from. Low prices is your reward. Now is the time to buy. No charge for engraving. MURPHY, the Jeweler.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Sunday, March 9th, Elder T. S. Buckingham organized a Christian Church at Murphysville with thirty-two members. He will preach for them Sunday afternoons. A house of worship will probably be erected in the near future. There was one confession at the last service. The convert will be baptized at the Christian Church, this city, at the close of the morning sermon to-morrow.

VENERABLE JAMES JACOBS.

Former Resident of Maysville Died at Carlisle Aged 97 Years—To Be Buried Here Sunday.

The venerable James Jacobs died Friday morning at 10 o'clock at the home of his daughter Mrs. W. S. Dudley, of Carlisle. His critical condition was mentioned in Friday's BULLETIN, the news of his death coming just after we went to press.

Mr. Jacobs was born in 1805, and had consequently reached the advanced age of ninety-seven years. He was born in Prince William County, Va., and in 1826 came to Maysville with his three brothers, John, Lewis and Benjamin, the four engaging in the manufacture of plows, their shops for a time being on Fourth street, just west of Plum. They built the four brick residences on the south side of Third, just west of Plum, and these buildings were long known as "Jacobs' Row." Mr. Jacobs was the first to take plows to the South, and this firm in course of time built up a big trade in that territory.

The latter years of his life were spent in Flemingsburg and Carlisle. His wife was Martha, daughter of Joseph and Nancy (Ballinger) Power. Of their children, only two survive,—Mrs. Alex. Calhoun, of this city, and Mrs. W. S. Dudley, of Carlisle.

Mr. Jacobs had long been a devoted member of the Ironside Baptist Church.

The funeral takes place this afternoon at 3 o'clock at Carlisle. The remains will be brought here to-night and taken to Mrs. Calhoun's residence. The interment will be Sunday afternoon at 2 o'clock in the Maysville Cemetery. Burial private.

FIRE THIS MORNING.

Dr. Jones' Office on East Second Street Destroyed By Explosion of Lamp.

Dr. W. D. Jones' office, adjoining Armstrong's drugstore, caught fire between 12 and 1 o'clock last night from the explosion of a lamp.

The building, a small one-story brick, was destroyed, and the drugstore was slightly damaged.

Dr. Jones' loss is placed at \$500, and the loss on the building will not exceed that. The damage is partially covered by insurance. The building belongs to the Potter heirs.

Prof. John Burke Lectures.

A large crowd assembled last evening at the Christian Church to hear Prof. Burke, of the Newport schools, in his lecture on Robert Burns. It is seldom that a Maysville audience has the opportunity of hearing such an able lecture. Prof. Burke paid glowing tributes to the renowned Scotch poet, and his interpretation of Burns' writings is unsurpassed. On the whole the lecture was a masterpiece of eloquence and rhetoric, and will be long remembered by those who heard it.

Clarence Tucker sold 6,000 pounds of tobacco at 6½ cents.

The highest price received on any market for the 1901 crop of leaf tobacco was recorded at Louisville Thursday. The record has stood at \$25.50 per hundred pounds, but the hoghead sold Thursday went \$3.50 better, being knocked down to the buyer for the Universal Tobacco Company at \$29. The sale was made in the usual way at auction, and there was active bidding before the purchase was confirmed. Heretofore the American Tobacco Company buyer has always taken the record sellers.

TO-NIGHT

Ends our present great clearance Sale of winter goods. After that, all heavy lines will be withdrawn to make room for the most artistic creations in fine Spring and Summer Footwear ever shown in Maysville. Until closing hour Saturday night we shall make special efforts to rid the store of its remnant winter accumulations.

Special Low Wind-Up Prices Will Be the Rule!

The illustrations are from drawings designed to make the service an attractive feature of our announcements. Look here daily for an interesting pictorial representation of the various

PHASES AND FREAKS OF THE WEATHER!

Let Nature and Business Revive Together!

Out-door work now requires attention and we want our friends to know that we were never in better position to supply their needs in FARM and GARDEN TOOLS, such as Hoes, Rakes, Spades, Shovels, Mattocks, Pitch Forks, Poultry Netting, Field Fence, etc. Having received larger shipments of these goods than usual this season we are offering special inducements on all lines.

FRANK OWENS HARDWARE COMPANY

A HARD STRUGGLE.

Many a Maysville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Maysville people endorse this claim. Mr. A. W. McClanahan, of 119 West Second street, says: "The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for more than twenty years, steadily becoming more persistent as time past on. My attention was called to Doan's Kidney Pills and I got a box at J. Jas. Wood & Son's drug-store, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of the valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Rev. Dr. W. F. Taylor will preach at Aberdeen M. E. Church Sunday afternoon at 3 o'clock.

River News.

Another rise at Pittsburg. Shipments of coal daily from that point. The Stanley will pass down Sunday. Bonanza for Pomeroy and Queen City for Pittsburg to-night.

William Southerland, who was so badly hurt on the steamer J. B. Lewis nine weeks ago, was able this week to leave Ripley, where he had been since the accident, for his home at Charleston, W. Va.

Steam will be raised on the new tow-boat of the Kanawha and Ohio Coal Company, at Marietta, in a few days. The boat will be the second in size in the Kanawha trade. She has McConnell's tandem machinery equal to eighteen inch cylinders and six foot stroke, with four boilers. The Robt. P. Gillham is named after a landing boss at Cincinnati and will be taken there on her first trip to be furnished.

A hearty appetite does not always indicate a healthy condition. It is not the quantity of food which is eaten but the quantity which is assimilated, which determines the actual value of the food consumed. If the stomach and organs of digestion and nutrition cannot convert the food into nourishment, and into blood, then the food is an injury instead of a benefit. For all disorders of the stomach and its allied organs of digestion and nutrition, there is a certain remedy in Dr. Pierce's Golden Medical Discovery. It removes clogging obstructions. It strengthens the stomach, nourishes the nerves, enriches the blood and builds up the body. It is a flesh-forming, muscle making preparation, firm flesh instead of flabby fat. "Golden Medical Discovery" contains no alcohol, whisky or intoxicant of any kind, and is equally free from opium, cocaine and all narcotics.

Cincinnati Market.
